NANA ADDO DANKWA BAMPOE ADDO

Frontend Engineer | React.js · TypeScript · Next.js

Passau, Germany | +49 176 7490 9253 | nanaaddoldoe@gmail.com

NanaAddoDBa | Nana-Addo | Available for full-time work immediately

PROFILE

Frontend engineer with professional software development experience building responsive web applications and API-connected interfaces. Skilled in React.js, TypeScript, JavaScript, reusable component design, state management and automated UI testing. M.Sc. Computer Science candidate at the University of Passau.

CORE TECHNICAL SKILLS

Frontend development: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS
UI engineering: Responsive interfaces, reusable components, state management, forms, component architecture
APIs & data: REST APIs, JSON, Node.js, PostgreSQL, Supabase, Prisma
Testing & quality: Playwright, Cypress, Jest, Vitest, debugging, regression testing
Development tools: Git, GitHub Actions, Vite, Docker, CI/CD, Jira

SELECTED PROJECTS

Flashcard Learning Platform 2026

Personal project | React.js, Vite, JavaScript, Supabase, PostgreSQL

- Developed a modular React.js/Vite application with reusable UI components, responsive layouts and interactive 3D flashcards.
- Built subject browsing, deck previews and study flows with keyboard and touch navigation.
- Integrated Supabase authentication, saved deck libraries and persistent study sessions with PostgreSQL.
- Implemented recall ratings, spaced-review scheduling and automated checks for study workflows.

E-Commerce Storefront Prototype 2026

Next.js, React.js, TypeScript, Tailwind CSS, Playwright | Interactive demo

- Built a responsive e-commerce storefront prototype with product browsing, search, filtering, wishlist and persistent shopping-cart interactions; covered customer journeys with Playwright.

Expense Tracker & Budget Manager 2026

Personal project | React.js, TypeScript, NestJS, Prisma, PostgreSQL

- Developed responsive React.js/TypeScript interfaces for expense tracking, budgets, savings goals and authenticated account management.
- Connected account and transaction screens to filtered, paginated REST APIs; used automated frontend and API checks in GitHub Actions.

Guided Scratch Tutoring Assistant 2026 – Present

Master's thesis | University of Passau | React/JavaScript, LLM APIs, LitterBox, Whisker

- Developed an interactive Scratch tutoring workflow grounded in learner project state, LitterBox analysis and Whisker behavioural tests.
- Implemented feedback and validation of LLM-generated edits; verified 102 tests across 10 suites and integrated a Docker Compose runtime.

PROFESSIONAL EXPERIENCE

AI Automation and Marketing Analyst 10/2025 – 03/2026

AIESEC Germany | Passau, Germany | Volunteer

- Built automated campaign reporting and email workflows using Python, Power Automate and SharePoint to support marketing operations.
- Analysed historical programme data to inform campaign targeting and enrolment planning.

Software Developer 2021 – 06/2025

Everything Beaded | Accra, Ghana | Remote

- Developed and maintained responsive e-commerce interfaces using React.js, connecting product, navigation and customer-facing features with Node.js services.
- Built reusable React.js components and integrated REST APIs to deliver maintainable product and shopping workflows from stakeholder requirements.
- Improved frontend behaviour and data loading across customer journeys through debugging, API integration and application performance optimisation.

IT Officer (National Service) 09/2019 – 09/2020

Food and Drugs Authority (FDA) | Greater Accra Region, Ghana | Contract

- Built web interfaces for internal auditing and verification workflows, digitising regulatory review activities.
- Supported structured forms, data review and reporting for product-surveillance records and compliance checks.
- Created operational reporting views and dashboards to make product metrics easier to review.

IT Technician Intern 2018

Christian Community Microfinance Limited (CCML) | Accra, Ghana

- Developed SQL queries to extract client data and generate daily, monthly and annual reports for stakeholders.
- Resolved technical issues for financial-application users, supporting staff with day-to-day software problems.

EDUCATION & TECHNICAL QUALIFICATIONS

M.Sc. Computer Science 04/2023 – 03/2027 (expected)

University of Passau | Passau, Germany

B.Sc. Computer Science 06/2019

Christian Service University College, Kumasi | Awarded by the University of Ghana

Second Class Honours (Upper Division)

Advanced Professional Diploma in Database Technology 05/2014 – 09/2015

IPMC College of Technology | Ghana

Professional Diploma in Software Engineering 03/2014 – 03/2015

IPMC College of Technology | Ghana

SELECTED COURSES

Cypress: Web Automation Testing from Zero to Hero | Udemy 08/2024

React – The Complete Guide (incl. Next.js, Redux) | Udemy

Modern JavaScript From The Beginning 2.0 | Udemy
